

SENZYO

SENZYO Information Center

Featuring the SENZYO Interactive Flat Panel Screen

Combine teaching and presentation techniques in one self-contained wall unit

This Information Center is the perfect presentation system for classrooms and boardrooms

Maximize space and effectiveness for your visual communications

The wall mounted multi-functional 3 in 1 unit combines:

- Interactive Panel Screen
- Porcelain on Steel magnetic Writing Surfaces
- Bulletin Boards for posting information

When Open

The Information Center reveals the Interactive Flat panel in the center of the unit and two writing surfaces, one on each side of the flat panel screen.

When Closed

The Information Center hides the flat panel screen while providing two working white board writing surfaces, and two high quality bulletin board surfaces.

- Optional slider locks keep the interactive panel protected when needed
- The easy-glide sliding horizontal panels make conversion fast and easy
- Customized configurations of style, size and quantity of panels are available
